What is a Volunteering Project?

A period of full-time unpaid solidarity activity that a young person undertakes to acquire useful experience, skills and competences for their personal, educational, social, civic and professional development, thereby improving their employability and active citizenship, while contributing to address important societal challenges, bringing about positive change to the local community and promoting solidarity.

The project can last from three to 24 months and an individual traineeship placement can be from two weeks to 12 months (excluding travel time), either in-country or cross-border.

The project should address key challenges within the community and be related to European Solidarity Corps wider topics below such as:

- Solidarity
- Democracy and citizenship
